

College Summer Camp Programs

Kentucky State University Summer Apprenticeship Program

This three-week program is for rising high-school junior and seniors interested in science, technology, engineering, agriculture, and/or math. You will take college-preparatory classes, work on research projects, and visit various companies and organizations in Kentucky that provide careers in these fields. It's a completely free program, and you get all of your housing and meals provided on campus.

Dates: June 7-27, 2015

Application deadline: March 1, 2015.
